

# Alberta Geocode

## Region

The province of Alberta is divided into many counties, municipal districts and major cities. These are considered to be regions (e.g. County of Strathcona, City of Edmonton and City of Calgary).

## Area

The Regions are divided into Cities, Towns, Villages, Hamlets, etc. These are considered to be areas. Rural properties which are not in a city, town, village, hamlet, etc. are considered to be Rural (e.g. Rural Strathcona).

## Communities

Communities are Neighborhoods within cities and towns and Acreage Subdivisions located in the Rural Areas of the Region.
